

Commercial Cart Service

933 Mobile Dr. | [Click here for map](#) [1]

Beginning October 2010, the Sanitation division will move from the “per bag” billing system to a “per cart” system for all of our commercial customers.

New Billing Structure Effective October 1, 2010

	Cart(s) Serviced Twice Weekly
Basic Commercial Service (Includes use of one 96 gallon rolling cart)	\$ 29.81*
Each Additional Cart	\$7.50**

* Monthly fee excluding taxes and fuel charge.

** Monthly fee excluding taxes (There is no fuel charge for additional carts).

See the [Sanitation Collection Administrative Regulations](#) [2] for the rules for Handload Commercial Service.

Important Notes:

- This change is for Commercial Customers Only.
- Service will continue to be provided twice weekly.
- All Garbage in the cart must be bagged.
- The Cart remains the property of the City of Longview. We expect commercial handload customers to take reasonable care of the carts. It must not be painted, mutilated, altered or modified in any way.
- Carts are tracked by the serial number. It is important that commercial handload customers do not mix their carts with other customers.
- There will be no change in your collection days.
- If you currently pay more than the new rate for Basic Commercial Service, your rate will be adjusted to the basic service level. This will remain in effect until contacted by the Sanitation Division and your desired service level is established.
- Cart delivery will begin in the November. We expect delivery of the new carts from the manufacture in Early November. If that time line changes we will post that information here.
